

TADWA

BEACH TREKKER

The **TADWA BEACH TREKKER** is designed to transport a person with a disability easily across all terrains from soft loose beach sand to hard surfaces and into the water. **What's the use of going to the beach if you can't go into the water!**

- ◆ Stainless Steel frame
- ◆ Flip up arm rests allows for easy transfer
- ◆ Removable back, head rest and foot rest for easy transport
- ◆ Height adjustable push bar

The **TADWA BEACH TREKKER** will take the occupant into the water where they can transfer out and enjoy the aquatic experience or just have the water wash over them.

TADWA's Purpose is to improve the quality and enjoyment of life of people with disabilities, the frail-aged and those caring for them, through the application of technology and skills of volunteers and staff.

TADWA BEACH TREKKER
WINNER of the 'New Inventors'
episode August 2005
Design Registration AU144418S

NOTE: This is not a self propelling option. It is designed to be used with the assistance of a carer. Please check surf and slope conditions at any location. Maximum recommended loading 120kg. As a Duty of Care responsibility the user and wheelchair should not be left unattended in the water
