

Candidate Details

Ballot paper name **SADLER, Helen**

Candidate name **HELEN SADLER**

District **Town of Cottesloe**

Nominating for **Councillor for Town of Cottesloe**

Election type **Ordinary**

Enrolment status **SADLER, Helen is eligible to stand for election as a resident of the Town of Cottesloe.**

I'm a 30-year resident of Cottesloe and GP by profession. 8 years leadership experience as a councillor and 14 years not-for-profit board experience, give me the skills and experience needed to earn your trust for a further 4 years.

I prioritise strengthening the Town's financial position, improved asset maintenance and sustainability initiatives, achieving the Foreshore upgrade and completing the Local Planning Strategy and Scheme.

Continuity on this functional council has led to sound financial management, policies and initiatives to benefit current and future generations. Integrity, cooperation and a strong work ethic are my hallmarks. I make decisions based on what is good for the Town as a whole.

Unaffiliated to any political party, I will continue to prioritise initiatives that prepare Cottesloe for the future; safer streets, reducing waste, planning for housing density close to the railway and Town Centres, growing our tree canopy and prioritising outdoor play and facilities.

Additional Information

While on Council I have worked with my fellow councillors to:

- Improve communication with residents and ratepayers
- Renew the Local Planning Strategy, aiming for density to be focused around train stations
- Progress the Cottesloe Precinct Plan, aiming to preserve character and solar access to our village
- Progress the Local Planning Scheme
- Attempt to retain existing beach-front height limits
- Install the shark barrier
- Support Synergy's battery installation in Cottesloe
- Improve our tree canopy
- Reduce waste and increase recycling
- Improve public open spaces and upgrade playgrounds
- Enable children's play equipment on verges
- Improve walking and riding infrastructure
- Improve the Town's financial position
- Focus on long term asset management and intergenerational equity
