

Candidate Details

Ballot paper name	WYLYNKO, Brad
Candidate name	Bradley Drew WYLYNKO
District	Town of Cottesloe
Nominating for	Councillor for Town of Cottesloe
Election type	Ordinary
Enrolment status	WYLYNKO, Brad is eligible to stand for election as a resident of the Town of Cottesloe.

As a Town of Cottesloe Councillor for the past 4 years, I'm very proud of the Town's recent accomplishments including the Skatepark, Anderson Pavillion, and the Dutch Inn playground. In addition, we extended the shark barrier season, and supported Sculptures by the Sea. We published important planning documents - such as the Napoleon Street shopping precinct - and passed responsible budgets. We supported greening our Town. But we can do more. If I am re-elected I'll continue a focus on protecting the foreshore from rising sea levels, implementing the Foreshore Master Plan, revitalizing the Seaview Golf Course Clubhouse, and providing more opportunity for our young people. Prior to being elected a Councillor, I was a commercial lawyer with over 25 years experience specialising in Environment and Planning law. My family and I have lived in Cottesloe for over 20 years, and I want to see the Town continue to develop whilst balancing ecological considerations and community priorities.

Mobile: 0400 010 018

Postal Address: 13 Mann Street COTTESLOE 6011

Additional Information

As a Town of Cottesloe Councillor for the past four years, I'm very proud of the Town's recent accomplishments including the Skatepark, Anderson Pavillion, and the Dutch Inn playground. In addition, we extended the shark barrier season, and supported Sculptures by the Sea. We published important planning documents - including the Napoleon Street shopping precinct - and passed responsible budgets with reasonable rate increases. We supported greening our Town. If I am re-elected I will continue to focus on such things as implementing the Foreshore Master Plan, revitalizing the Seaview Golf Course Clubhouse, and advocating for properly planned development. In addition, I want to see the Town continue its work on increasing native vegetation and the tree canopy, providing safer and healthier streets, ensuring our beaches and open spaces are well maintained, and exploring economic and community opportunities for our young people. Prior to being elected a Councillor, I was a commercial lawyer with over 25 years experience specialising in Environment and Planning law. My family and I have lived in Cottesloe for over 20 years, and I'm keen on the Town continuing to develop in a responsible way balancing growth with ecological considerations and community priorities.
