**Subject:** Re: Consult to see if younger Norfolks @ 16, 20 and 31 Loma Street could be transplanted

Hi Bruno,

Further to our phone conversation today, Russell has conducted a site visit and we can confirm that it is possible to transplant these young Norfolks. 31 Loma Street may refer to the corner of Loma & Marmion Street or 237 Marmion Street? If we have identified this tree correctly it can also be transplanted.

Should these works proceed, unfortunately at this time of year our lead time is approximately 3 - 3.5 months for transplanting. If these works are required to be completed sooner, we would be happy to advise an appropriately qualified company who could conduct these works.

Kind regards,

**Royce Turner**

Subject: Consult to see if younger Norfolks @ 16, 20 and 31 Loma Street could be transplanted

Good morning Sandy,

Could we please have a consult report done to see if the younger Norfolks at the above address on Loma St can be transplanted.

Can the report please include directives on how and when to transplant including notes on how to action this with best chance of survival.

Please use PO # 54796 for billing purposes.

Thanks in advance.

Best regards,
