Hi Ed and Mat,

Thank you for sending the proposed alternate plans for parking at 177 Broome Street to us.

They don't show any street views, but from the plans attached, it is clear that the area for one car bay is immediately in front of the front door (off Broome Street) and does not align with the existing crossover.

Any car parked in the new proposed front area would obscure the front door?

The 2 car bays off the rear lane look like a good compromise.

Interestingly, the MacFarlanes have been continuously updating their new Short Stay rental advertisements on the HomeAway website, despite being overseas at present. It looks like it is ready for more short stay bookings on their return to Perth?

They also advertise "exclusive parking on the driveway at the front of the house" (which must mean hardstand parking on the crossover on council land?)
