

FOGO SUCCESS!

Well done Cottesloe! The first six months of the Town of Cottesloe FOGO service has been an outstanding success.

Since the introduction of FOGO, waste sent to landfill by the Town has reduced by 40 per cent. This has reduced the Town's overall costs of waste treatment and disposal. Town of Cottesloe FOGO also has low contamination rates, and we look forward to the Australian Standard FOGO compost, produced from the Town's FOGO material, being available soon!

Mayor Lorraine Young and the Hon. Reece Whitby MLA visited the West Metro Recycling Centre recently to see FOGO in action and celebrate the first successful six months of FOGO in Cottesloe.
