

HAVE YOUR SAY ON TWO MAJOR PROJECTS

The Town of Cottesloe is currently progressing two major projects that will assist in shaping the future of Cottesloe; the Local Planning Strategy Review and the Cottesloe Village Project – Proposed Precinct Plan. Once complete, these plans will become direction setting documents for the Town and it is vital for our community to contribute their thoughts and feedback at this critical stage of the process to ensure they reflect the interests of the community.

The Town has extended the submission period for both of these projects to 4pm on Friday, 3 April 2020. To find out more about these projects and provide your feedback visit www.cottesloe.wa.gov.au/consultations or contact us on 9285 5000.

NORTH COTT SPLASH 'N' DASH IS PROUD TO BE PARTNERED WITH

COME AND SEE THE SCULPTURES!

The 16th annual *Sculpture by the Sea* is now on at Cottesloe Beach, and will run until Monday, 23 March. Don't miss this fantastic exhibition! Please be mindful that *Sculpture by the Sea* is a very popular event and there will be extra pedestrians on the footpaths and additional cars on the roads at this busy time.

If you live in surrounding suburbs, we encourage you to catch the train and the convenient free Cott Cat shuttle bus, which will run every 15 minutes from 10.30am until 6pm in a loop between Cottesloe Train Station (west of the train tracks) and the beach (opposite Indiana) every day during the exhibition.

We also encourage you to walk or ride! *Sculpture by the Sea* is even more accessible this year thanks to the new Principal Shared Path (PSP) extension in Cottesloe. Visitors north and south of Cottesloe can safely walk or ride along the path and travel down to the foreshore. Additional bike parking is available in Car Park One. Thank you to the Department of Transport for their ongoing support and encouraging active and sustainable transport in Cottesloe!

There is also the option of leaving your bike securely in the bike locker located by the PSP at Forrest Street and catching the Cott Cat shuttle bus from the designated bus stop there.

Don't forget to stop by Sea View Golf Club for 'Sculpture Inside', a fantastic collection of small contemporary sculpture, which is being held in the Clubhouse this year.

NATIVE WATERWISE VERGE REBATE

The Town's Native Waterwise Verge Rebate program is being offered again this year. Native waterwise verges help save water and increase plant biodiversity. By making the change to a native waterwise verge, residents may be eligible for a rebate of \$15 per m2 of converted verge, with a maximum claim value of \$500.

To find out more and download the application form please visit www.cottesloe.wa.gov.au (under Services/Environment and Sustainability Initiatives).

NATIVE VERGE WORKSHOP

Learn how to create a waterwise native verge at a free workshop offered by the Western Suburbs Regional Organisation of Councils (WESROC). Visit www.cambridge.wa.gov.au/nativevergeworkshops to register.
