

# 2013 GOVERNMENT SUSTAINABILITY Conference

Embedding sustainability in government organisations

Melbourne | October 7 & 8

**AUSTRALIA'S PEAK ENVIRONMENT CONFERENCE FOR THE PUBLIC SECTOR**

**TWO DAYS FULL OF PRACTICAL KNOWLEDGE AND EXPERT ADVICE**

**EARLY BIRD REGISTRATION CLOSES AUG 14 - SO BOOK NOW!**

The **2013 Government Sustainability Conference** will provide delegates from local, state and federal government authorities with the latest information and advice on how to address key environmental issues and embed effective sustainability practices within government bodies.

This national conference will provide attendees with the means to network and discuss environmental best practice with officials from the nation's public sector sustainability leaders.

The conference will also supply delegates with high-quality case studies, workshops and expert advice that will assist them to address crucial environmental issues facing all levels of government and the community.

## SPEAKERS WILL INCLUDE:

- **Stan Krpan**, Chief Executive Officer, Sustainability Victoria
- **Sally Moxham**, Manager Sustainability, City of Port Phillip
- **Hugh Butcher**, Greenhouse Programs Leader, City of Yarra
- **Rob Murray-Leach**, Chief Executive Officer, Energy Efficiency Council
- **Leah Fensham-Brown**, Acting Manager, Environment, Department of Justice Victoria
- **Dr Marianne Sheumack**, Project Manager, Education and Sustainability, Sydney Olympic Park Authority
- **Laura Wynne**, Institute for Sustainable Futures, University of Technology, Sydney
- **Bronwen Hutchinson**, Principal Sustainability Officer, City of Boroondara
- **Graham Hunter**, Immediate Past President, United Nations Association of Australia (Victorian Division)
- **Mark Boulet**, Green Steps Manager, Monash Sustainability Institute
- **Patrick Miller**, Senior Consultant, Climate Change and Sustainability Services, Ernst & Young
- **Daniel Hartin**, Green Building Council of Australia
- **Erwin Jackson**, Deputy CEO, The Climate Institute
- **Albert Lo**, Property Asset Manager, North Sydney Council
- **Geoff Gourley**, Director – Sustainability Integration, NuGreen Solutions
- **Andrew Rowe**, General Manager, CSR Bradford Energy Solutions

## PRESENTATION TOPICS WILL INCLUDE:

- Analysis of the future carbon management landscape for local government and public sector authorities
- Strategic planning for achieving climate adaptation and organisational sustainability
- Embedding a culture of sustainability in your government authority
- Implementing clean and energy efficient technologies in government infrastructure
- Carbon Management: Achieving a low carbon future
- Public sector sustainability reporting
- Community engagement on sustainability issues
- Sustainable waste management

This conference will follow on from the highly successful 2011 and 2012 Government Sustainability Conferences, which both attracted 200 attendees.

## AUSTRALIA'S PRE-EMINENT EVENT FOR SUSTAINABILITY PROFESSIONALS

The 2013 Government Sustainability Conference will be co-located with the inaugural national **Sustainability Professionals Conference**, which will focus on providing knowledge and expert advice for professionals working in all sectors including the private sector and industry. Many sessions of this conference will be of appeal to Government Sustainability Conference attendees.
